DESIGN MANUFACTURE INSTALLATION

More than a kitchen

For over 40 years, we have been designing and creating bespoke kitchens and bedrooms across London, Essex and beyond. Combining experience, craftsmanship and a highly personal approach, we offer a complete in-house service, from the initial consultation and design through to manufacture, project management, installation and aftercare.

Every project is guided by your dedicated designer, ensuring a seamless experience and a space tailored entirely to you. Whatever the size or style of your home, each kitchen and bedroom we create is individually designed around your lifestyle, combining beautiful aesthetics with thoughtful functionality.

Our relaxed and friendly approach begins with a no-obligation consultation and a visit to our extensive showroom, where you can explore a range of contemporary and classic designs, experience the quality of our craftsmanship firsthand and discover what makes an Urban Myth space truly unique.

Repton Park

Cosmo Grey & Oak

Brief

The client wanted a sleek, contemporary kitchen that feels effortless in everyday use.

Clean and uncluttered, but highly functional behind the scenes. Storage needed to be maximised, with utility spaces seamlessly hidden away.

Our Solution

We created a handleless design in Matt Cosmo Grey paired with Halifax Pewter Oak, balancing modern simplicity with warmth and texture. Smart, integrated storage runs throughout the scheme, including a concertina corner unit that discreetly conceals the boiler while adding valuable storage.

Open shelving with mirrored back panels introduces a light, decorative moment for styling, without disrupting the clean lines of the design.

A hidden door leads to a fully equipped utility room, complete with sink, stacked washer and dryer, hanging rail, and extensive storage, keeping the realities of daily life neatly out of sight.

“ Not just a myth !
Great ideas, quality materials and products. Thank you to Davide and team for our wonderful kitchen ! ”

Buckhurst Hill

Light Grey Shaker

Brief

The customer wanted a timeless kitchen that feels elegant yet highly liveable a space that works effortlessly for everyday family life while also being perfect for entertaining. The brief was to create a design that brings people together, maximises seating, and introduces subtle luxury details without compromising practicality.

Our Solution

We delivered a beautifully balanced grey shaker kitchen that combines classic style with modern functionality. At the heart of the space is a large central island, designed as a true social hub, comfortably seating six and encouraging relaxed family living and entertaining.

To elevate the design, we introduced refined detailing that adds depth and personality without overpowering the scheme. Glass wall cabinets with antique-effect glass, brushed gold frames, and bronze mirror backs with glass shelving bring warmth, texture and a sense of understated luxury.

The result is a kitchen that feels calm, welcoming and sociable, a space designed around real life, where cooking, gathering and entertaining all flow together seamlessly.

Loughton

Midnight Blue & Oak

Brief

The customers wanted a refined, contemporary kitchen that balanced bold character with natural warmth. The space needed to feel elegant and cohesive while delivering practical, hidden storage and fully integrated appliances to support effortless everyday living.

Our Solution

A beautifully balanced kitchen combining rich Midnight Blue cabinetry with the warmth of Halifax Oak, softened by a white quartz worktop with subtle grey veining. The result is a calm, contemporary space that feels both welcoming and sophisticated.

Clean lines and a seamless finish define the design, with functionality discreetly integrated throughout. A pocket door breakfast pantry keeps daily essentials hidden yet easily accessible, while a built-in wine chiller is subtly housed within the cabinetry. A fully integrated fridge freezer and downdraft induction hob maintain the streamlined aesthetic by eliminating visual clutter and overhead extraction.

The result is a considered, understated kitchen that pairs premium materials with intelligent design, delivering timeless style and everyday practicality in equal measure.

Six steps to your dream kitchen

01 — Consultation

Your designer will guide you through our showroom, showcasing the quality of finishes and features. You can discuss possible layouts and create your ideal wish list.

02 — Design & Quote

We will create a detailed plan, and quotation for your kitchen. We will present and discuss these ideas with you in detail. After this, we trust you'll be satisfied and instruct us to proceed.

03 — Confirmation & Survey

Once you've approved your quote, we will request a deposit, protected under the KBSA and Trustmark insurance scheme. We will arrange a home survey by your project manager to measure your space.

04 — Manufacture

Your kitchen will be custom made at our Essex factory. We will manage the ordering, delivery, and installation of appliances, worktops, and glass to align with your schedule.

05 — Delivery & Installation

Your project manager will check services and dimensions at various stages during installation, which is carried out by our own team of fitters, and will ensure everything is completed to your satisfaction.

06 — Completion

We commission all supplied appliances and provide a digital folder with essential information. Our aftercare team is just a phone call away for any questions and you can relax and enjoy your new kitchen.

Woodford Green

Sage Green & Reeded

Brief

The customers needed a calm, open-plan kitchen and dining space that could support the rhythm of busy family life while also feeling refined enough for entertaining. Practical storage, hidden functionality and durable materials were essential, alongside a design that felt cohesive, uncluttered and visually calm.

Our Solution

We created a beautifully balanced space that blends everyday practicality with quiet luxury. Soft sage cabinetry and bold marble-effect porcelain surfaces set a natural, calming tone, while delivering the durability needed for family living.

The island anchors the space both visually and socially, incorporating a light oak dining table to for quick breakfasts to relaxed evening entertaining. Behind the clean lines, intelligent storage solutions keep life organised, including a dedicated breakfast pantry and concealed utility access hidden within the cabinetry to maintain a seamless aesthetic.

Brushed bronze detailing and fluted panelling introduce texture and warmth, while integrated and under-cabinet lighting enhances the marble surfaces and creates a soft, ambient glow throughout the day and evening.

“ We’re really happy with our new kitchen. The real plus points for us were the design process where communication was very clear and project management which are so important when there are lots of moving parts. We also appreciated honest advice on what would work best for us, there was absolutely no pressure to spend more. ”

Sawbridgeworth

Mint Blue Pedini

Brief

The customers, in collaboration with their architect, wanted a high-end contemporary kitchen that felt calm, architectural and effortless to live in. The brief was to balance strong visual impact with complete practicality, incorporating discreet storage, integrated appliances and dedicated zones for everyday living and entertaining all while maintaining a clean, minimalist aesthetic.

Our Solution

A refined Pedini kitchen centred around a sculptural curved island in high-gloss Mint Blue, Handleless cabinetry and integrated Gaggenau appliances maintain a seamless, minimalist aesthetic throughout.

The kitchen is packed with intelligent lifestyle-led features. A concealed walk-in pantry and hidden utility/boot room, a mirrored feature wall discreetly conceals a TV, all allowing the space to transition effortlessly between family living and entertaining.

A pocket-door cocktail cabinet adds a subtle touch of luxury for hosting, while expansive glazing floods the room with natural light and strengthens the connection to the outdoors.

The result is a beautifully resolved kitchen that combines Italian craftsmanship with clever, hidden functionality

Forest Green Shaker

Brief

The customers wanted a kitchen that felt calm, welcoming and highly functional. The design needed to balance everyday practicality with generous social space, durable finishes and thoughtful storage, all within a traditional aesthetic that would sit naturally alongside the property's original features.

Our Solution

We designed a modern shaker kitchen in a rich forest green finish, chosen to complement the home's period detailing and add depth without overpowering the space.

At the centre, a generous island anchors the room, providing a practical workspace as well as a natural gathering point for family life and informal dining. open shelving and a wine cooler add discreet functionality while enhancing the kitchen's everyday usability.

A seamless matt porcelain worktop and backsplash in Evora brings subtle texture and elegance to the sink area, with soft veining that adds interest while maintaining a clean, refined look. Its durable finish ensures it performs effortlessly in a busy family setting.

“ An excellent local company, thoughtful design, clear communication with our builders, great product and well fitted. We ordered our first kitchen with them in 2013, and came back for a second kitchen in 2026 ”

Galvano Bronze & Cashmere

Brief

The client wanted a bright, open-plan kitchen, a welcoming space for busy family life, relaxed everyday living and entertaining large groups. Ample storage, a clutter-free aesthetic and a discreet utility area were all essential, without compromising on style.

Our Solution

We created a light-filled kitchen featuring Cashmere and Galvano Bronze cabinetry, combining warm neutral tones with contemporary elegance. A large central island provides generous storage on both sides, while a bifold corner cabinet and integrated storage solutions make the most of every inch.

Fluted glass wall cabinets, open display shelving and Alfa Lisbon White Matt Porcelain worktops introduce texture and sophistication, while premium Neff appliances and a brushed bronze Quooker tap complete the design.

A seamlessly concealed walk-in door leads to a fully equipped utility room, functioning as a second kitchen and laundry space to keep the main living area effortlessly organised.

Finsbury Park

Graphite & Putty Concrete

Brief

The client wanted to transform a basement space into a bright, inviting kitchen that felt far removed from a typical lower-ground room. The focus was on creating a stylish entertaining space with a strong cooking function, generous storage and clever hidden features to maintain a clean, uncluttered feel.

Our Solution

We designed a modern kitchen that maximises the natural light from the floor-to-ceiling windows and rooflight, creating an open and uplifting environment. Black glass units paired with Graphite ribbed doors deliver a sophisticated bar-style aesthetic, adding depth and texture to the space.

Clever functionality is seamlessly integrated throughout, including a corner larder for easy-access storage and a concealed push-to-open bi-fold door hiding a dedicated coffee station. The result is a refined, highly practical kitchen that balances striking design with effortless everyday living and entertaining.

Harlow

Shadow Black Wood Grain

Brief

As an interior designer, our client wasn't afraid to make a bold statement. Embracing a rich, dark palette, they wanted a contemporary kitchen that would become the focal point of their open-plan living space while remaining elegant, inviting and filled with natural light. Maintaining a connection to the garden and selecting premium materials and appliances were key to achieving their vision.

Our Solution

We designed a beautifully bespoke black-on-black kitchen that balances drama with sophistication. By layering a variety of luxurious black finishes and tactile textures, the space feels rich and refined without appearing heavy. Smoked glass wall cabinets capture and reflect the surrounding garden, enhancing the abundance of natural light from the dual-aspect, floor-to-ceiling glazing.

Sleek Miele appliances, a Quooker boiling water tap and elegant Quartzforms Planet Pluto worktops with matching upstands add refined detail and subtle texture to the dark colour palette. The result is a luxurious, confident kitchen that showcases how bold design choices can create a space that is both timeless and beautifully functional.

Crafting Quality Kitchens Since 1984

We produce our entire Urban Life range in-house. Our factory in Essex allows us to produce kitchens and bedrooms with maximum efficiency and total control meaning we can remain competitive without compromising on quality.

Our Production Process

Every Urban Myth kitchen is manufactured in our own Essex factory, giving us complete control over quality, precision and lead times.

Using advanced computer optimisation software, we maximise every sheet of board to minimise waste, helping us reduce costs and pass those savings directly on to our customers.

State-of-the-art CNC machinery then cuts and edges every component with outstanding accuracy, ensuring a perfect fit and flawless finish.

Each cabinet is expertly assembled and thoroughly quality checked by our skilled technicians before being securely wrapped for delivery. Because we manufacture in-house, any replacement or damaged components can be produced quickly, keeping your project moving with minimal delay.

We only use the finest materials to ensure lasting durability

CAD and precision machinery optimise production efficiency.

Production technicians assemble each cabinet with care

We use FSC-certified timber, supporting sustainable forestry.

Hockley

In-Frame Shaker Lead & Light Grey

Brief

The customer wanted a timeless, elegant kitchen that combined traditional craftsmanship with modern functionality. They were looking for a classic Shaker style with refined details, a touch of glamour and a layout perfect for both everyday living and entertaining.

Our Solution

We created a bespoke In-Frame Painted Shaker kitchen in Light Grey with a contrasting Lead Grey island as the centrepiece. Traditional details including Tongue and Groove panelling, Oak block pilasters and chamfered edges add character, while polished hardware, modern appliances and a Mont Blanc Quartz worktop bring a luxurious contemporary finish.

Siemens ovens and a striking Fulgor Milano gas hob provide high-performance cooking technology, combining style and practicality within this beautifully crafted kitchen.

Southgate

Matt Cashmere

Brief

As part of a new build home, the customer wanted to create a contemporary kitchen that would become the heart of the property. The brief was to design a sophisticated yet practical space, combining sleek aesthetics with clever storage, flexible dining options and the functionality needed for modern family life.

Our Solution

We designed a bespoke Matt Cashmere kitchen with sleek aluminium channel handles and a luxurious Quartzform Planet Mars worktop and backsplash.

A built-in banquette creates a relaxed family dining area, while the breakfast bar provides the perfect spot for casual gatherings.

The discreet pocket door pantry, complete with drawers and a dedicated coffee station, maximises storage and convenience while maintaining the clean, streamlined design. Finished with premium Gaggenau appliances, this kitchen delivers a perfect balance of contemporary style, intelligent design and everyday practicality.

Wanstead

Taupe & Lead Grey

Brief

The customer wanted to transform their existing kitchen into a stylish and highly functional space that suited the needs of modern family life. The design needed to maximise storage, create a contemporary look and incorporate their existing fridge freezer seamlessly into the new layout, while extending the design into the utility room for a cohesive finish.

Our Solution

We created a bespoke handleless kitchen in Matt Taupe and Lead Grey, paired with a striking Planet Jupiter Quartz worktop and upstand. A warm Halifax Oak lay-on breakfast bar adds contrast and texture, while the Gunmetal Quooker boiling water tap provides a stylish and practical finishing touch.

The design incorporates a clever pocket door pantry and smoked glass tall cabinets, creating a balance of elegance and everyday functionality. By carefully integrating the customer's existing fridge freezer and designing a complementary utility space, we delivered a seamless kitchen solution tailored around how the family lives.

“ We have a wonderful kitchen...We had a team of kitchen experts who were pleasant to work with and have given us a dream kitchen and utility room. Would highly recommend! ”

Our Bedrooms

The Art of Perfectly Organised Living

When storage is designed around your needs, everything flows

Tailored fitted wardrobes & bespoke storage solutions

Chigwell

Matt White

Brief

The customer wanted to maximise every inch of this attic bedroom, creating a practical yet stylish space that could grow with their child. The brief was to incorporate clever storage solutions, a comfortable sleeping area and a dedicated study space, while working seamlessly around the room's challenging sloping ceiling.

The design needed to feel fun and personal, while keeping the room organised

Our Solution

We created a fully bespoke bedroom design featuring floor-to-ceiling storage tailored perfectly to the shape of the attic space. An integrated single bed with a pull-out trundle bed underneath provides a clever solution for sleepovers, while making the most of the available floor space.

Opposite the bed, sliding wardrobes with sensor-activated lighting offer generous storage and a touch of luxury, illuminating the interiors as the doors open. A bespoke pocket door unit conceals a dedicated desk area, finished with a striking blue interior and integrated lighting to create a practical and inspiring study space.

Every element was carefully designed to maximise functionality, proving that even the most challenging spaces can be transformed into beautifully organised and highly personalised bedrooms.

Colchester

Natural Dijon Walnut

Brief

As part of a newly developed home, the customer wanted all four bedrooms to have a cohesive, luxurious feel. The master suite called for a bespoke walk-in dressing room that would maximise storage while creating an elegant, boutique-inspired space with a warm, contemporary aesthetic..

Our Solution

We designed all four bedrooms in a consistent Dijon Walnut veneer finish, creating a seamless flow throughout the home.

The walk-in wardrobe features a combination of open shelving, hanging rails and spacious drawers, all thoughtfully arranged for effortless organisation. Integrated LED lighting enhances the rich wood finish, adding warmth and showcasing the beautifully crafted interiors.

The result is a sophisticated dressing room that combines timeless style with exceptional functionality.

“ The final result exceeded my expectations with the service provided by the design team exceptional. I received regular up dates throughout the process, and the team were always friendly and welcoming with any questions I had. In my experience i would not go anywhere else, the after sale service is absolutely outstanding. ”

Chigwell

Lime Green

Brief

The customer has a true passion for interiors and wasn't afraid to embrace bold colour. Having designed bespoke furniture throughout every room of their home, they wanted their dressing room to be just as individual—a vibrant, luxurious space that celebrated their personality while providing exceptional organisation and storage.

Our Solution

We rose to the challenge by creating a striking lime green dressing room that is as practical as it is unforgettable. Bespoke fitted wardrobes, open shelving, drawer units and smoked glass shoe displays combine to create a beautifully organised space, while a central island adds both storage and a boutique feel.

The result is a truly unique dressing room that reflects our customer's confidence in colour and demonstrates how bespoke design can transform a functional space into a statement interior.

“It has been fantastic, everyone is so nice and Peter understood what I wanted...offering so many useful solutions...the dressing room he designed is a real showstopper! ”

Repton Park

Native Pink & Light Grey

Brief

The customer wanted a bedroom that captured the fun of childhood while being designed to grow with their daughter.

The brief was to maximise space with clever storage solutions, incorporate a dedicated area for relaxing and play, and create a timeless design in soft pink and light grey that would remain stylish for years to come.

Our Solution

We designed, manufactured and installed a bespoke cabin bed with an integrated staircase, creating a playful focal point while making the most of the room's footprint. Beneath the bed, a cosy seating area with built-in storage provides the perfect place to read or unwind.

A full run of fitted wardrobes with integrated LED lighting offers generous storage, while the soft pink and light grey palette strikes the perfect balance between fun and sophistication, ensuring the room will adapt beautifully as its owner grows.
